

# Parasitological seminar **Autumn 2022**

Masaryk University, Faculty of Science, University Campus Bohunice, Kamenice 753/5, Brno

**every Thursday 16–17:30, B11/335 (or online via MS Teams)**

(15.9., 22.9., **29.9.**, 6.10., 13.10., 20.10., 27.10., 3.11., 10.11., **17.11.**, 24.11., 1.12., 8.12., 15.12.)

---

**15.9.2022: Internships abroad and international conferences**

Mgr. Vladislav Ilík, Farshad Nejat, MSc., Mgr. Lucie Seidlová

**22.9.2022: Species-richness and genetic divergence in freshwater ectoparasites: cases study of *Cichlidogyrus* (Dactylogyridae) parasitizing Lake Tanganyika cichlids and *Gyrodactylus* (Gyrodactylidae) from Nearctic cypriniform fishes**

Chahrazed Rahmouni, Ph.D. – Masaryk University (Brno, Czech Republic)

**29.9.2022: Seminar is cancelled!**

**6.10.2022: Presentations of bachelor's and master's students**

Martin Zach, Anna Klimešová, Bc. Stanislav Hodeček

**13.10.2022: It is hard to re-find species. Past, present, and future pitfalls of species diagnosis and taxonomy of haemogregarines**

Prof. MVDr. Pavel Široký, Ph.D. – Veterinary University of Brno (Brno, Czech Republic)

**20.10.2022: Presentations of bachelor's and master's students**

Hana Suchánková, Bc. Kamila Koutná, Bc. Pavlína Tománková

**27.10.2022: Parasites inducing differential gene expressions in sexual and asexual gibel carp (*Carassius gibelio*)**

Md Mehedi Hasan Fuad, MSc. – Masaryk University (Brno, Czech Republic)

**3.11.2022: Parasites in the mist: strongylid nematodes of the gorillas and other primates**

Barbora Pafčo, Ph.D. – Institute of Vertebrate Biology CAS (Brno, Czech Republic)

**10.11.2022: Seek, find, and invade: a story about diverse life strategies of schistosomes**

Libor Mikeš, Ph.D. – Charles University (Prague, Czech Republic)

**17.11.2022: National Holiday**

**24.11.2022: Invasive *Ashwortius sidemi* in the free roaming ruminants**

Doc. Jaroslav Vadlejch, Ph.D. – Czech University of Life Sciences (Prague, Czech Republic)

**1.12.2022: Genetic diversity and ecology of *Strongyloides* shared among humans, other primates, and domestic reservoir mammalian hosts**

Mgr. Eva Nosková – Masaryk University (Brno, Czech Republic)

**8.12.2022: Diversity of monogeneans parasitizing North American fishes of the Cypriniformes: does morphology matter?**

Eva Řehulková, Ph.D. – Masaryk University (Brno, Czech Republic)

**15.12.2022: Presentations of master's students and end-semesteral pub (co-joined with Vertebratological seminar)**
